We would like to make this an annual feature of *Citius, Altius, Fortius: The ISOH Newsletter*. If possible, we would appreciate if the membership from various countries could keep the secretary-general apprised of any deaths among former Olympians from your countries. You may also note that all the above deaths occurred among medalists. In general, it is not necessary that the Olympian must have been a medalist for us to include his/her brief obituary. This material is not published anywhere, to any extent, other than a mention of a few obituaries in the *Olympic Review*, and we think it would be valuable if it is published for all historians' knowledge.
